

MZO Chair

Designed by Magnus Læssøe Stephensen in 1931

Art no: 10101-10124

This chair was designed specifically with the ambition to create a chair that working class Danes could afford. With Mazo's new edition this classical chair is once again made available to everyone looking for a quality dining chair.

MEASUREMENTS L x W x H	Seat height: 460mm Seat width: 460mm Seat depth: 420mm Back height: 750mm Chair full width: 460mm Chair full height: 750mm Chair full depth: 500mm
WEIGHT SOFA	5.2 kg
PACKAGING TYPE	Heavy-duty Cardboard box, plastic, and bubble wrap.
PACKAGING MEASUREMENTS L X W X H	550mm x 470mm x 850mm
WEIGHT PACKAGING MATERIAL	2 kg
WEIGHT-TOTAL	7.2 kg
NUMBER OF PARCELS	1 pcs. / colli
FULLY UPHOLSTERED FABRIC CONSUMPTION W X L	Chair fabric: 70cm x 70cm Chair leather: 0.7 m2 Can be produced in other fabrics on customer's request, but with a minimum order quantity of 6.

Cleaning & maintenance

CLEANING For dusting and light cleaning of the frame use a soft, dry cloth. For further cleaning of the frame, use a soft cloth that is firmly wrung in clean water for gently wiping the surface, and then immediately use a dry cloth to wipe the surface again. Do not use materials for maintenance that:

- Contain abrasive agents.
- Are basic, acidiferous, or organic.

For cleaning the upholstered surface, first try to brush off the dirt gently. If this is not enough, then vacuum the surface. If further cleaning of the upholstery is needed, a stain remover is recommended. The cleaning must be gentle and must always be tested on the most invisible area of the surface before the actual cleaning. Avoid blotches by gentle, circular rubbing towards the stain. To avoid stains, quickly remove the dirt with a piece of absorbing household wipe and clean with water and colorless washing-up liquid. Do not use the following products for the padding:

- Undiluted cleaning liquids.
- Bleach.
- Ammoniac.
- Soap for hard surfaces.

For the best maintenance of the product, protect it against sunlight and heat, and try to keep it away from moisture, grease, and other dirt. Furthermore, protect the surfaces against sharp objects and other that might scratch
